Invitation

We would like to invite you to the joint conference of the European Association for Consultation-Liaison Psychiatry and Psychosomatics and the European Psychosomatic Research Network dedicated to the state of art and developments of C/L Psychiatry/ Psychosomatic and Psychosomatic Medicine in different medical settings—from basic care to specialization. This broad topic can give the possibilities to discuss the developments, gains, problems and future challenges in a time where medicine is confronted with a biotechnical revolution (genetic-biochemical “personalized” medicine) and cost-economic restraints.

The venue of the conference is the Congress Center in Innsbruck, Austria, in the midst of the alps and nearly in the centre of middle Europe. The city is easy accessible by air, train or car.

We hope to see you in Innsbruck to meet friends and colleagues to foster the field of Consultation and Liaison-Psychiatry/Psychosomatics and Psychosomatic Medicine.

Gerhard Schüßler
Congress president
